

# EAGLESHAM & WATERFOOT COMMUNITY CONNECTIONS NEWSLETTER - July 2020

## An update from Community Connections

The Community Connections Project has been based in the beautiful village of Eaglesham & Waterfoot and is funded by LEADER until September 2020. We've enjoyed being able to get out and about, meeting having lovely conversations with local people, groups, organisations and local businesses. We've listened to what people feel would complement existing initiatives to help people feel even more "connected up" and part of the community.

Some of our successes include The Chatty Café at Ian's Kitchen, a Family Quiz and two "Village Gatherings". A larger gathering involving around 25 groups and organisations at the Bowling Club due happen the week before lockdown was enforced. Due to safety concerns raised, we thought it best to cancel the event. Since then, we've used different types of communication to share information about the great things that local people and groups are doing during the crisis.

A recurrent theme from the Gatherings was finding a way of connecting those of us who are happy living an "internet free" lifestyle. So, we decided to produce this Newsletter to gauge community response.

We positively encourage feedback on the newsletter/what's on as to the kind of things you'd like to see in it, if you think it's a worthwhile venture. Is it something you would like to see continued after the Community Connections project comes to an end? How would you like to contribute to it? Hope you enjoy your read!

## What's Still On

**Eaglesham Knitting & Crocheting Group** – have been managing to meet via "Zoom" (a social media platform) every Thursday morning for an hour. If you would like to join them, contact Mary MacInnes on 01355-301171

**Eaglesham Bowling Club** – open once again with Phase 1 restrictions in place.

**Eaglesham History Society** – currently working on continuing talks and meetings via Zoom

**The Book Group** – are continuing to meet on Zoom but will recommence as soon as The Eglinton Arms Hotel bar re-opens for business and welcome any new members back on Tuesday evenings at 8pm.

**The Brownies** – are holding weekly virtual Zoom meetings with challenges for the following week to alleviate boredom and keep those Brownies focused!

**The Guides** - are also continuing working towards achieving their badges. In fact over 500 Rainbows, Brownies, Guides & Rangers recently participated in a "virtual" camp aptly entitled "Hameldaeme"!!

**Eaglesham Parish Church** are making little weekly videos of their adult & kids services which can be viewed on the Eaglesham Parish Church website.

**Eaglesham Parish Foodbank Collection** – weekly collections are Tuesdays & Thursdays 11am-12 noon at the Carswell Centre.

**TREE (The Regeneration of Eaglesham's Environment)** have returned! You may see them socially distancing tending to the beautiful planters they provided in the village. Always open to new volunteers, you can contact Ruth Wallace – 01355 303471.

## Community Voices

Let's Get Enterprising! Now, more than ever, is a perfect time to get our young ones busy thinking about how they can make a change to the local community! With a prolonged summer holiday, our little ones will soon run out of things to fill their times with. For those a bit too "old" for playing out & about, helping the local community is the best way to go! I started off my younger days of enterprise selling the old posters from the village opticians around our streets. It wasn't a great money-maker BUT, it gave me practice on the skills I use now & it was all for charity! I then went to cut the grass of my neighbours, some of them elderly, to pay for ice cream and other treats when out and about. What can you think of doing? As a family is there anything that you could do to help the local community? Niall Rachman (local resident)
